

[BeginText]

This is in response to the letter dated January 18, 2007 regarding the 30 Day Post General Report. A 48-hour notice for an inkind contribution from Kay L. Koonce was inadvertently from the original report. A contribution for the National Restaurant Association was incorrectly reported for 10/31/06, though a 48-hour notice was sent on 10/26/06. Both were due to data entry errors. In addition to these corrections, the amended report includes updates to clarify the "purpose" of disbursements. The Committee makes every effort to comply with regulations and have implemented additional checks to ensure accuracy of future reports.
